Privacy Statement – The personal information supplied here will not be given to any third party and is for the use by Native Birds Taranaki for clarifying falcon sighting information or to request additional detail. The information is held securely and may be requested to be viewed by making a request to nativebirds@xtra.co.nz

Notes:

1. As much information that can be provided as to location would be beneficial, by means of a road name, track or hut name, river/stream/creek name etc.
2. The number, gender (if able to distinguish) and age (adult, juvenile, fledgling, or chick) of falcon observed would be of great benefit.
3. The activity observed (flying, chasing prey, perching, carrying prey etc.) is also very useful, particularly when combined with time of year observed.
